From the President City Municipal Council Mysore
D 2 C 730-42-43 dated 8-8-46

Forwarding a detailed report on the protest application of Dr A K Syed Taj Peer and others against disposal of sites where E D Hospital was situated

It is seen from the plan enclosed that Survey No 126 Maragowdanahalli is a Government waste land which is being used by the Muslims for Namaz though the Revenue Survey Records show that Survey No 125 which is a Government waste is treated as 'Namaz Bove" It is also seen that the regular Idiga Structure is about 1½ furlongs away from this Survey number

2) The present Mysore City Municipal Council has requested orders on the following proposals —

1) to shift the water tank under construction to a place in S No 127 marked out by the Idiga Committee which is said to be suitable by the Superintendent Vanivilas Water Works, Mysore

2) to grant an extent of 2 acres and 15 guntas of land out of S No 128 to the East of the newly formed road to the Idiga Committee for use as prayer ground in place of S No 125 (2 Acres & 10 guntas) which is a Government waste land and a portion of which has been used for formation of Sites on

Roads, with the approval of the Trust Board

3) to grant the sites to be formed after shifting the E D Hospital only to members of Thuckan community who are house less and are capable of constructing decent buildings in this unfortunate locality

4) Acquisition of two gunthas of land out of S no 127, which belongs to Sdiga for constructing the water tank, so as to avoid further complications

10) It is also reported that the alleged claim of the Muslims to Nagri Survey no 199, measuring 11 acres and 11 gunthas, which is part of Resurvey no 128, and which was acquired in the year 1920, is not tenable

To

Dr Dewan Bahadur T C M Royan, the Honorable Minister of Education of Mysore

Sir,

In continuation of my letter regarding the dispute in connection with the disposal of sites formerly on which E.D. Hospital stood I beg to inform you that I am given to understand that not only the sites being disposed of inspite of strong and emphatic protests by the Muslim Community and stay order from your Office, but attempts are also being made to encro c and take away surreptitiously the portion of the ground belonging to the Edigs as per Revenue records and on which the congregation offers Prayers twice a year, which act of the municipal authorities has caused a good deal agitation I therefore beg of you to look into this matter early and give us an opportunity to be a deputation to the Committee to wait upon you and explain our case. In the meanwhile the President of the Municipality may be asked to desist from taking such action as are calculated to hurt the feelings of the Muslim Community

I have the honour to be Sir,

Your most obedient Servant

SIR

Re Protest by Moin-ul-Vizarath Mr A K Syed Taj Peeran against the disposal of sites where old E D Hospital was situated

---

With reference to your letter No L 1411 dated 30th July 1946 re the above, I have the honour to state as follows -

Survey No 128 Maragowdanahalli measuring 40 acres, 8 guntas comprised of Maji S Nos 194,195,199,200 & 202 and this was acquired by the Trust Board as per Government Order No R 7780/M1 23-19-39 dated 19th January 1920 for forming Idiga Extension

The water tank was under construction in Re-survey No 128, and the area marked A B C D E F G H, out of this Survey Number on the plan accompanying comprises an extent of 2 acres and 15 guntas The foundation for the tank is dug up at the point marked 'X' on the plan enclosed The Secretary, Idiga Committee submitted a petition to the Municipal Engineer to the effect that the water tank is being constructed on Survey No 127 belonging to Idiga and that the work should be immediately stopped, otherwise, there would be breach of peace etc

At a Meeting of the Members of the Ediga Committee held in my Office on the 6th July 1946 it was explained that the water tank under construction lies on portion of S No 128 which belongs to the Trust Board and not on S No 127 as alleged by them It is seen from the Revenue Records that S Nos 125 & 126 are Government lands not handed over to the Muslims at any time The details of holding of S Nos 124,125,126 & 127 as per Index of Land Register is noted in the margin The revenue survey records show that S No 125 which is a Government waste is Nalaj-bore (ನಲಜ್‌ಬೋರೆ) and not S No 126 though used by the Muslims for prayer In fact, the S No 125 is rugged land with rock outcrops etc, unfit for prayer ground and it has not therefore been used for

S No	Extent	Nature of holding
124	0 - 25 Kharab	Trust Board
125	2 - 10 "	Government
126	6 - 37 "	-do-
127	0 - 34 "	-do-

P T O

for that purpose at all The regular Idiga structure is about 1½ furlongs away from this Survey Number Though S No 126 is a Government waste still the Idiga structure is seen standing on it and the Muslims use the land for prayer Survey No 128 is a Trust Board land but the portion lying towards the East of the road is being used by the Muslims for prayer because it is lying vacant Survey No 127 is said to have been handed over to the Idiga Committee by a private person who has purchased it from the Government a few years back

The original lay-out prepared in the year 1923 itself shows the present road running to the West of Idiga and it may therefore be said that opening of this road running North to South was contemplated about 25 years back alone

Out of S No 126 (Government land) an extent of 0-2 guntas marked as M N O P , has been used for forming roads Sites have been formed on an extent of 1-16 guntas in S No 125 which is also a Government land This area is marked I J K N O L & R S , on the plan

According to the instructions conveyed in Revenue Secretary's letter No L 472 dated 8th July 1946 to arrange for an interview of the Members of the Idiga Committee with the Minister for Education and Public Health when he visited Mysore, during the Birthday Festivities of His Highness The Maharaja, an inspection of the spot was arranged on the 22nd July 1946 when the Minister was pleased to inspect the place The Members of the Idiga Committee and the Superintendent, Vanivilas Water Works were present After hearing the representations of the Members of the Committee, he was pleased to instruct that a report may be submitted The following proposals are submitted for kind consideration and orders of Government -

A 1) The water tank under construction will be shifted from its position to a place in the Idiga proper to be pointed out by the Idiga Committee in consultation with the Superintendent, Vanivilas Water Works

B 2) As regards the grant of land out of S No 128, an extent measuring 2 acres 15 guntas lying towards the East of the newly formed road will be granted to the Idiga Committee for use as prayer ground in place of S No 125 measuring 2 acres 10 guntas Government waste portion of which has been used by the Trust Board for formation of sites and roads This will be placed before the Trust Board for favour of consideration and the decision of the

the Board will be intimated for information and orders of the Government

C. 3) As regards the disposal of sites to be formed after shifting the E D Hospital, the Trust Board Resolution No 59 dated 28th September 1943 will be kept in view and sites granted only to Members of the Muslim Community who are houseless and capable of constructing decent buildings in this important Extension It may not be out of place to mention here that as many as 28 sites have been also granted to Muslim applicants in Idiga Extension

The cutting of mound for formation of foot-path on the right side of the road leading to the Fountain near the Band Stand in Bannimantap Extension is to be completed before Dasara and as such the work which had been obstructed has been resumed as it in no way interfers with the Idiga which is nearly 2 furlongs away as may be seen from the enclosed plan

A plan of S Nos 124 to 128 of Naragowdanahalli showing the water tank under construction, and the situation of Idiga and also another plan showing the lay=out of Bannimantap Extension superimposed on the Survey Map are enclosed for kind perusal

In this connection it is submitted for kind information that Maji Survey No 199 measuring 11 acres 11 guntas which is now part of Re-Survey No 128 was acquired in 1920 and a sum of Rs 2,238-14-6 was given as compensation therefor This Maji Survey Number was a "Devadaya Inam" and the compensation amount is in the S B Account in the District Treasury in the name of the Revenue Sub Division Officer The interest is being paid to the Members of the Fakirs Families As such the alleged claim of the Muslims to this land is not tenable

The Superintendent, Vanivilas Water Works has reported that the Members of the Idiga Committee have shown a place in S No 127 which belongs to Idiga for constructing the water tank and he states that it is suitable The tank will be constructed thereon after obtaining an agreement from the Members of the Idiga Committee I would suggest the acquisition of this bit of land about 2 guntas to avoid further complications
